MEMORANDUM

DATE: October 3, 2011
TO: The Honorable Mayor and City Council
Joyce A. Wilson, City Manager
FROM: Kevin Smith, Planner
SUBJECT: **International Drive easement vacation**

The City Plan Commission (CPC), on August 25, 2011, **voted 6-0** to recommend **approval** of the International Drive easement vacation.

The CPC determined the vacation of the utility easement protects the best interest, health, safety and welfare of the public in general; and the vacation will have no negative effect on the natural environment, social economic conditions, and property values in the vicinity and the city as a whole.

City of El Paso, El Paso County, Texas

Dear Property Owner:

This is to inform you that on August 25, 2011, the City Plan Commission voted to recommend **approval** of the easement vacation request off of International Drive and subject to the following requirements and conditions:

Planning Division:

No objections.

Engineering and Construction Management - Land Development Comments:

No objections.

El Paso Department of Transportation Comments:

The Department of Transportation has no objections to the proposed vacation.

Parks and Recreation Department

We have reviewed **CL International Dr. - Easement Vacation** survey map and offer "No" objections to this proposed easement vacation request.

El Paso Water Utilities Comments

1. EPWU does not object to this request

EPWU-PSB Comments

1. EPWU-PSB records do not depict water and/or sanitary sewer mains along the subject utility easement.

Water:

2. There is an existing 8-inch diameter water main extending along International Drive that is available for service, the water main is located approximately 10 feet north from the center right of way line.

3. Previous water pressure from fire hydrant #1029 located at the northeast intersection of International Drive and Robert E. Lee Road have yielded a static pressure of 94 (psi), a residual pressure of 90 (psi), and a discharge of 1,300 gallons per minute.

4. The owner should, for his own protection and at his own expense, install at the discharge side of each water meter a pressure regulator, strainer and relief valve, to be set for pressure as desired by the customer. The Lot owner shall be responsible for the operation and maintenance of the above-described water pressure regulating device.

Sanitary Sewer:

5. There is an existing 8-inch diameter sanitary sewer main extending along International Drive that is available for service, the sewer main is located approximately 5 feet south from the center right of way line.

General:

6. EPWU requires a new service application to provide service to the property. New service applications are available at 1154 Hawkins, 3rd floor and should be made 6 to 8 weeks in advance of construction to ensure water for construction work. A site plan, utility plan, grading and drainage plans, landscaping plan, the legal description of the property and a certificate-of-compliance are required at the time of application. Service will be provided in accordance with the current EPWU – PSB Rules and Regulations. The applicant is responsible for the costs of any necessary on-site and off-site extensions, relocations or adjustments of water and sanitary sewer lines and appurtenances.
