MEMORANDUM

DATE: October 13, 2008
TO: The Honorable Mayor and City Council
Joyce A. Wilson, City Manager
FROM: Arturo Rubio, Planner
SUBJECT: ZON08-00058

The City Plan Commission (CPC), on August 28, 2008, **voted 3-3 to tie** on the rezoning of subject property from C-3 (Commercial) to C-4 (Commercial) with a condition.

The CPC was unable to determine if the rezoning is in conformance with The Plan for El Paso and if the proposed use is in conformance with the Year 2025 Projected General Land Use Map. The CPC was also unable to determine if the rezoning protects the best interest, health, safety and welfare of the public in general; or if the proposed use is compatible with adjacent land uses; and if the rezoning will have no effect on the natural environment, social economic conditions, and property values in the vicinity and the city as a whole.

There was one phone call in opposition to the request

THE PLAN FOR EL PASO DESIGNATION: No designation (East Planning Area)

NEIGHBORHOOD ASSOCIATIONS: None registered in the area.

APPLICATION DESCRIPTION

The applicant is proposing a rezoning from C-3 (Commercial) to C-4 (Commercial) to allow for regional commercial development. The proposed access is Rich Beem Boulevard. There are no zoning conditions on the property. Rezoning case ZON08-00059 is related to this case.

NEIGHBORHOOD INPUT

Notice of the public hearing was mailed to all property owners within 300 feet of this proposed rezoning on July 3, 2008. Planning received one phone call in opposition of the request just prior to the City Plan Commission hearing.

**The Plan for El Paso –City-wide Land Use Goals:
For Regional Commercial Rezoning**

- a. Goal: provide a pattern of commercial and office development which best serves community needs and which complements and serves all other land uses.
- b. Goal: preserve, protect, and enhance the integrity, economic vitality and livability of the city's neighborhoods.
- c. Goal: encourage the provision of neighborhood commercial services which are compatible with a neighborhood's residential character.

The C-4 (Commercial) district requested does not meet goals a, b, and c above of the Plan for El Paso based on the following:

The C-4 (Commercial) district would provide the most intense commercial uses would significantly impact established surrounding neighborhoods. Although the regional commercial zoning C-4 may provide the surrounding neighborhood convenience goods and services that would serve day-to-day needs, it may also introduce very intense uses such as contractor yards, truck terminals, high intensity vehicle repair and storage and light manufacturing uses that are not compatible with residential uses

The Regional Commercial zoning regulations for C-4 (Commercial) district requested would permit heavy commercial uses characterized by automotive and light warehousing. The regulations of the district are intended to provide a transition from general business areas to industrial and manufacturing uses, and to accommodate major locations of commerce, service and employment activities.

Land uses in the C-4 (Commercial) district are high traffic generators, and are encouraged along major or higher order arterial streets.

DEVELOPMENT COORDINATING COMMITTEE

The Development Coordinating Committee provides the following comments:

The DCC recommends denial of this request for rezoning from C-3 (Commercial) to C-4 (Commercial) for the reasons stated above.

Development Services Department - Building Permits and Inspections Division:

Zoning Review: No objection to the proposed re-zoning request. Insufficient information submitted to determine compliance with the proposed C-4 (Commercial) district's development standards.

Landscape Review:

No landscape calculations provided for this project. Landscaping is required under Section 18.46 and shall be provided for building permit

Development Services Department - Planning Division:

Current Planning: Recommends **denial** of rezoning request from C-3 (Commercial) to C-4 (Commercial). The purpose of the regional commercial district is to provide for locations for the most intensive commercial uses intended to serve the entire City. Also primary access to established residential and proposed rezoning request is all off Rich Beem Boulevard.

Land Development: No comments Received

Engineering Department - Traffic Division:

No objection to proposed rezoning.

Fire Department

No comments received.

El Paso Water Utilities:

EPWU does not object to this request.

Parks:

No comments received.

Sun Metro:

No comments received.

School Districts:

No comments received.

CITY PLAN COMMISSION OPTIONS

The City Plan Commission may consider the following options and additional options that it identifies when reviewing the rezoning application

- 1 Recommend approval of the application finding that the rezoning is in conformance with the review criteria of The Plan for El Paso as reflected in CPC report or other criteria that the CPC identifies from the Plan
- 2 Recommend approval of the application with modifications to bring the rezoning into conformance with the review criteria in The Plan for El Paso as reflected in CPC report or other criteria from the Plan as identified by the CPC.
- 3 Deny the application finding that the rezoning does not conform to the review criteria in The Plan for El Paso as reflected in CPC report or other criteria identified from the Plan by the CPC.
