The City Plan Commission (CPC), on August 17, 2006, voted **(5-0)** to recommend **APPROVAL** of rezoning the subject property from R-3A (Residential) to C-1 (Commercial) zoning.

The CPC found that this rezoning is in conformance with The Plan for El Paso; and the proposed use is in conformance with the Year 2025 Projected General Land Use Map. The CPC also determined that this rezoning protects the best interest, health, safety and welfare of the public in general; that the proposed use is compatible with adjacent land uses; and that the effects of the rezoning will have no effects on the natural environment, social economic conditions, and property values in the vicinity and the city as a whole.

The Planning Division received 9 letters and a petition with 83 names attached in **opposition** to this request.

REZONING APPLICATION: ZON06-00090

GENERAL INFORMATION:

The applicant is requesting a rezoning from R-3A (Residential) to C-1 (Commercial) in order to permit multi-family development. The property is .947 acres in size and is currently vacant. The generalized plot plan shows no structures to be located on the site. There are no zoning conditions currently imposed on this property.

INFORMATION TO THE COMMISSION:

The Development Services Department – Planning Division has received eight (9) letters in opposition to this application and a petition containing 83 names.

STAFF RECOMMENDATION:

The Development Coordinating Committee (DCC) unanimously recommends **APPROVAL** of this request for rezoning from R-3A (Residential) to C-1 (Commercial):

The recommendation is based on the following:

The Plan for El Paso City-Wide Land Use Goals recommends that El Paso “provide designated locations for commercial development that do not adversely affect the health, safety and welfare of the community and where essential infrastructure is available to serve the development.”

“provide a wide range of housing types that respond to the needs of all economic segments of the community.”

The Year 2025 Projected General Land Use Map for the **Northwest** Planning Area designates this property for **residential** land uses.

C-1 (Commercial) zoning permits multi-family development and **is compatible** with adjacent development.

The Commission must determine the following:

1. Will the C-1 (Commercial) zoning protect the best interest, health, safety and welfare of the public in general?
2. Will multi-family development be compatible with adjacent land uses?
3. What is the relation of the proposed change to the City’s Comprehensive Plan?
4. What effects will the C-1 (Commercial) zoning have upon the natural environment, social and economic conditions, and property values in the vicinity and in the city as a whole?

Information To The Applicant:
