The Engineering and Parks and Recreation Departments recommends utilizing Buy Board Contract #269-07 to issue a \$269,933.46 purchase order to The PlayWell Group for playground equipment in several parks. The following are the factors used to evaluate the use of this procurement program as the best approach:

1. *Is there an urgent need for the product/service? In other words, is time of the essence?*

Yes. Time is of the essence – in an effort to expedite the project, buy board pricing is being used to stream line the bid process while obtaining fair and reasonable pricing.

2. *Does the purchase through the Program promote the standardization of equipment?*

Yes. The Parks Department already has play equipment from this vendor and readily available replacement parts already in stock.

3. *Does the purchase through the Program support local business? If not, is there a comparable product/service available locally?*

Yes. Local business is supported. The PlayWell Group utilizes local installers to install the equipment. All site work preparations will be done with local contractors.

4. *Do the available vendors have prior work experience and/or familiarity with the City?*

Yes. The PlayWell Group has worked on a previous city projects and is currently working on the 2008 Reprogramming- Playground and Swings project.

5. *Is the pricing reasonable as compared to other similar products/work performed for the City of El Paso in the past or as quoted from other companies?*

Yes. On March and April 2009 formals bids were bid out for playground equipment. The bids far exceeded the quotes that were provided by the Buy Board vendor, The PlayWell Group. The pricing offered by The PlayWell Group is fair and reasonable in comparison.

The participation by the City of El Paso in the ESC Region 19 Purchasing Cooperative Program was approved by Mayor and City Council on March 4, 2008. The standard factors used to determine the use of a Cooperative Purchasing program were approved by City Council on June 24, 2008.
