MEMORANDUM

DATE: October 6, 2008
TO: The Honorable Mayor and City Council
Joyce A. Wilson, City Manager
FROM: Arturo Rubio, Planner
SUBJECT: ZON08-00047

The City Plan Commission (CPC), on August 14, 2008, voted **7-0** to recommend **APPROVAL** of rezoning subject property from A-M/sc (Apartment Mobile Home Park/special contract) to R-5 (Residential/special contract).

The CPC found that the rezoning is in conformance with The Plan for El Paso and the proposed use is in conformance with the Year 2025 Projected General Land Use Map. The CPC also determined that the rezoning protects the best interest, health, safety and welfare of the public in general; that the proposed use is compatible with adjacent land uses; and the rezoning will have no effect on the natural environment, social economic conditions, and property values in the vicinity and the city as a whole.

There was one letter in opposition to the rezoning request.

THE PLAN FOR EL PASO DESIGNATION: Residential/Commercial (Mission Valley Planning Area)

NEIGHBORHOOD ASSOCIATIONS: None

APPLICATION DESCRIPTION

The applicant is proposing a rezoning from A-M/sc (Apartment Mobile Home Park/special contract) to R-5/sc (Residential/special contract) in order to allow for residential development. In a separate application the applicant has submitted a special permit request to allow for reduced lot width from minimum of 45' to not less than 41' and side set-backs to 3' and alternating to 7' from 5' and 10' abutting side street under special permit case (ZON08-00042). The A-M (Apartment Mobile Home Park) zoning district does not allow for a special permit to reduce set-backs and average lot width; therefore, the applicant is requesting rezoning and special permit to reduce average lot width and side set-backs. The subject property has a special contract that imposes the following condition: "A subdivision plat must be filed of record for each parcel before a building permit is issued for said parcel" (Ordinance No. 008700 dated June 10, 1986). A subdivision plat, Gran Vista Estates Unit One,

was approved on a preliminary basis on May 8, 2008 by the CPC. As a note to the applicant: if the rezoning, special permit and detailed site development plan are approved then a revised preliminary or combination plat is required.

Density and Dimensional Standards:

The proposed R-5/sc requirements for single-family development are as follows: Minimum lot area 4,500 squared feet, minimum lot width 45', minimum lot depth 90'. Minimum front yard set back 10' with a 20' driveway, minimum rear yard set back 10', cumulative front and rear 45', side yard set back 5' and side street yard set back 10'. The existing A-M/sc density and dimensional standards are the same as the R-5/sc being proposed.

NEIGHBORHOOD INPUT

Notice of the public hearing was mailed to all property owners within 300 feet of this proposed rezoning on July 18, 2008. Planning Division received one letter in opposition. The concerns include, why R-5 and not R-4, why not include a small park, and a misunderstanding as person in opposition is under the belief that applicant is proposing 400 new homes as opposed to the 95 proposed and traffic generated questions i.e. if Yermoland will be extended.

The Plan for El Paso –City-wide Land Use Goals:

All applications for light density residential district rezoning shall demonstrate compliance with the following criteria:

- a. Goal: develop a balanced and complete community which contains a mix of land uses and densities, housing types and styles, economic development, job opportunities, educational opportunities, and outlets for social and cultural expression.
- b. Goal: provide and enforce standards for providing decent, safe and sanitary housing for all El Pasoans in accordance with federal, state and local regulations.
- c. Goal: provide a wide range of housing types that respond to the needs of all economic segments of the community.
- d. Goal: protect residential areas from incompatible land uses and encroachment which may have a negative impact on the residential living environment.

The Light Residential district promotes and preserves residential development within the City to create basic neighborhood units.

District regulations intent is to maintain low density of dwelling units supporting a Suburban-urban interface that permits developments utilizing varying lot configurations.

The regulations of the districts will permit primarily single-family residential development.

The R-5/sc district regulations will provide a recreational area for the neighborhood and provide for the safe and convenient movement of vehicular and pedestrian traffic without adversely affecting the general public or adjacent developments.

DEVELOPMENT COORDINATING COMMITTEE

The Development Coordinating Committee provides the following comments:

The DCC recommends approval of this request for rezoning from A-M/sc (Apartment Mobile Home Park/special contract) to R-5/sc (Residential/special contract) the request is compatible to surrounding land uses.

Development Services - Building Permits and Inspections Division:

Zoning Review: No objection to the re-zoning request.

Landscaping: Landscaping not required for residential development. If rezoned landscape not required under 18.46 of the building code.

Development Services - Planning Division:

Current Planning: Recommends approval, rezoning request is compatible to surrounding land uses.

CITY PLAN COMMISSION OPTIONS

The City Plan Commission may consider the following options and additional options that it identifies when reviewing the rezoning application

1. Recommend approval of the application finding that the rezoning is in conformance with the review criteria of The Plan for El Paso as reflected in CPC report or other criteria that the CPC identifies from the Plan
2. Recommend approval of the application with modifications to bring the rezoning into conformance with the review criteria in The Plan for El Paso as reflected in CPC report or other criteria from the Plan as identified by the CPC.
3. Deny the application finding that the rezoning does not conform to the review criteria in The Plan for El Paso as reflected in CPC report or other criteria identified from the Plan by the CPC.

ESQUIPILAS D. MONTANEZ / OWNER
8555 YERMOLAND DR.
EL PASO, TEXAS 79907

Dear City Planners,

Let me congratulate and thank Ms. Nadia T. Saab for finally allowing the people of the Lower Valley enjoy this choice property. I not only own the above commercial property, but in less than (60) days my family and I will be moving into a new home on 804 Los Lagos just southwest of subject case property

In reference to Ms. Saab zoning request, I have (3) questions. First, why R-5/sc? Why not R-4 without the reduced lot widths? This would create a much better neighborhood and reduce the traffic congestion. Second, why not plan a small park in this community? This will raise the quality of life that El Paso so much needs and no public official seems to commit to. Finally the most important question. Will Yermoland be opened from Kastrin to Lee Trevino??? If not, then you better prepare yourselves for a bottle neck at the traffic light at Lee Trevino and Castner.

It is my understanding that there will be close to (400) new homes in this tract of land. That means that with each family owning a minimum of (2) vehicles, we will see an increase of traffic at the Lee Trevino light of more than double. If Yermoland Dr. is not opened to Lee Trevino, **THIS DEVELOPMENT SHOULD NOT BE GRANTED ABOVE CHANGES IN ZONING!!!**

Thank you for your consideration and we pray to God that you all decide in the best interest of the public and not only the developer.

Best regards,

E. Dave Montanez
