Access to the subject property is proposed from Dailey Avenue.

PLANNING DIVISION RECOMMENDATION

The Planning Division recommends **APPROVAL** of the special permit and detailed site development plan request as it meets all the requirements of 20.04.150, Detailed Site Development Plan, and 20.04.320, Special Permit.

The Plan for El Paso –City-wide Land Use Goals

All applications for special permit and detailed site development plan shall demonstrate compliance with the following criteria:

- a. Goal: provide and enforce standards for providing decent, safe and sanitary housing for all El Pasoans in accordance with federal, state, and local regulations.
- b. Goal: provide a wide range of housing types that respond to the needs of all economic segments of the community.
- c. Goal: preserve, protect, and enhance the integrity, economic vitality and livability of the city’s neighborhoods.

The purpose of R-5 (Residential) districts is to promote and preserve residential development within the city to create basic neighborhood units. It is intended that the district regulations maintain a low density of dwelling units supporting a suburban-urban interface that permits developments utilizing varying lot configurations. The regulations of the districts will permit primarily single-family and two-family residential areas, and recreational and institutional uses incidental to and serving the neighborhood.
