HOME ADDRESS: _____

CITY: El Paso ST: TX ZIP: _____ PHONE: _____

DOES THE PROPOSED APPOINTEE HAVE A RELATIVE WORKING FOR THE CITY? YES: _____ NO X

IF SO, PLEASE PROVIDE HIS OR HER NAME, CITY POSITION AND RELATIONSHIP TO THE PROPOSED APPOINTEE:

N/A

WHO WAS THE LAST PERSON TO HAVE HELD THIS POSITION BEFORE IT BECAME VACANT?

NAME OF INCUMBENT: Francesca Alonso

EXPIRATION DATE OF INCUMBENT: October 1, 2013

REASON PERSON IS NO LONGER IN OFFICE (CHECK ONE): TERM EXPIRED: X
RESIGNED _____
REMOVED _____

DATE OF APPOINTMENT: November 19, 2013

TERM BEGINS ON : October 1, 2013

EXPIRATION DATE OF NEW APPOINTEE: October 1, 2017

PLEASE CHECK ONE OF THE FOLLOWING: 1st TERM: _____
2nd TERM: X
UNEXPIRED TERM: _____

ELIA PEREZ, M.A.

Education

Master of Arts in History from the University of Texas at El Paso: December 1999.

Bachelor of Arts from the University of Texas at El Paso: December, 1991: Major: Anthropology;
Minor: History

Professional Registration/Certifications

- Unexploded Ordnance Training: Fort Bliss Military Installation, El Paso, Texas, 1996-2012
- Permitted by Bureau of Land Management, U.S. Forest Service, New Mexico, Texas, Arizona, Kansas, Colorado, North Dakota, and Navajo Nation
- Completed a New Mexico BLM workshop on NRHP, NAGRPA, and NEPA regulations and revisions
- Completed a three-day training session on all aspects of the investigation and prosecution of archeological crimes under the Archaeological Resources Protection Act (ARPA): June 2006
- Completed a two-day workshop on Section 106 Principles and Practice: February 2007

Areas of Expertise:

Ms. Perez has 20 years of professional experience in program management and technical experience in the following areas:

- Archeological Inventory Surveys, Site Assessment, and Site Mitigation
- Section 106 and 110 Compliance
- Archeological Collections Research
- Technological Illustration and Drafting with computer-based software
- Global Position Systems: Trimble GeoXT, ArcPad, basic ArcGIS
- Lithic and Ceramic Analysis
- Geoarcheology
- Preparation and Review of State Site Data Forms
- NEPA Assessments
- Historical Investigations
- Project Management: Financial, Scheduling, Staffing

Representative Experience

Ms. Perez has 20 years of experience and progressive responsibility in cultural resource management. She currently serves in the capacity of Office Manager. Additionally, she is a Project Manager for numerous projects associated with the U.S. Army-Directorate of Environment-Conservation Division contract, Fort Bliss, Texas, Texas DOT, El Paso Water Utilities, and the United States International Boundary and Water Commission. Her responsibilities include but are not limited to project management, quality, financial, administrative operations, and staff performance and scheduling.

Ms. Perez has served as a field technician, field supervisor, field director, and project manager for numerous excavations, test excavations, and survey projects. Her 20 years of professional experience has involved work for federal and state agencies, academic institutions, engineering firms, and private cultural resource management firms in the Southwest, Plains, and northern portions of the United States.

Ms. Perez leads and assists in the completion of a variety of projects carried out under the Federal Historic Preservations laws, regulations, and guidelines, U.S. Army regulations and guidelines, and the National Environmental Policy Act (NEPA). She has led and assisted in the successful completion of archeological and historical projects ranging from small surveys to large, multidisciplinary field investigations.

Ms. Perez' responsibilities include preparing and managing project budgets, planning, scheduling, and supervising field work, lab work, report preparation, performing quality control/quality assurance, authoring and editing reports, and coordinating with outside agencies/clients. She has requested permits and performed background research/Class I inventories.

Archeology Site Inventory

Ms. Perez has participated in numerous cultural resource inventories in the southwest and northern portions of the United States. These projects consist of the comprehensive inventory of cultural resources, including standing structures; the thorough documentation of such properties on forms and maps; recommendations of National Register of Historic Places eligibility; and completion of summary reports. The inventories varied from large complex surveys of 180 square miles to small undertakings, such as small business developments. Clients include federal, state, and city governments, and private companies. The projects listed below are an example of the numerous inventories Ms. Perez has participated in as a field technician, field supervisor, and Project Manager.

⁵³The Ottery Group, Fort Bliss Military Installation, El Paso County, Texas: Survey of 5,641 Acres and NRHP Eligibility Assessment in Southern Maneuver Areas 2A and 2C; Installation of Signage on Known Archeological Red Zone Areas, Report No. 1107 (Project Manager: 2011-2013). Ms. Perez is the Project Manager for this multifaceted project. One section entails the pedestrian survey of 5,641 acres and the subsequent NRHP eligibility evaluation of more than 250 sites. Another section entails the installation of signage on known archeological Red Zones. Ms. Perez schedules the fieldwork, maintains the project budget, conducts quality control, will review state forms, and will be a contributing author.

²⁷Fort Bliss Military Installation, Otero County, New Mexico: Survey and Evaluation of 116 Acres for Proposed Grey Eagle Strip, Report No. 1225 (Project and Contract Manager: 2012). Ms. Perez served as the Project and Contract Manager for this survey project. Three sites were evaluated for NRHP eligibility status. Ms. Perez scheduled the fieldwork, maintained the project budget, conducted quality control, reviewed state forms, and was a contributing author.

Fort Bliss Military Installation, Doña Ana County, New Mexico: Survey of 1,463.6 Acres and NRHP Eligibility Status in Training Area 4B, Report No. 1034 (Project and Contract Manager: 2010-2011). Ms. Perez served as Project and Contract Manager for this survey. A total of 21 sites were evaluated for NRHP eligibility status. Three sites were recommended eligible for inclusion to the NRHP. Ms. Perez scheduled the fieldwork, maintained the project budget, conducted quality control, reviewed state forms, and was a contributing author.

Fort Bliss Military Installation, Otero and Doña Ana Counties, New Mexico: Survey of 1,260.5 Acres in Maneuver Area 4C, Report No. 1033 (Project and Contract

Manager: 2010-2011). Ms. Perez served as Project and Contract Manager for this survey. A total of 38 sites were evaluated for NRHP eligibility status. None of the sites were recommended eligible for listing to the NRHP. Ms. Perez scheduled the fieldwork, maintained the project budget, conducted quality control, and reviewed state forms.

Fort Bliss Military Installation, Otero County, New Mexico: Survey of 2,475 Acres and NRHP Eligibility Assessment for Orogrande Camp Upgrade, Report No. 1032 (Project and Contract Manager: 2010-2011). Ms. Perez served as Project and Contract Manager for this survey. A total of 119 sites were evaluated for NRHP eligibility status. Nine of the sites were recommended eligible for inclusion to the NRHP. Ms. Perez scheduled the fieldwork, maintained the project budget, conducted quality control, reviewed state forms, and was a contributing author.

Fort Bliss Military Installation, Otero County, New Mexico: Inventory of 4,000 Acres on East McGregor Range, Report No. 1030 (Project and Contract Manager: 2010-2011). Ms. Perez served as Project and Contract Manager for this survey. A total of 64 sites were evaluated for NRHP eligibility status. Ms. Perez scheduled the fieldwork, maintained the project budget, conducted quality control, and reviewed state forms.

Fort Bliss Military Installation, Otero County, New Mexico: Survey of 3,000 Acres and NRHP Eligibility Assessment of Archaeological Sites in Training Area 11, Report No. 1029 (Project and Contract Manager: 2010-2011). Ms. Perez served as Project and Contract Manager for this survey. A total of 43 sites were evaluated for inclusion in the NRHP. Ms. Perez scheduled the fieldwork, maintained the project budget, conducted quality control, and reviewed state forms.

Fort Bliss Military Installation, Otero County, New Mexico: Archaeological Survey of 3,997.5 Acres and NRHP Eligibility Assessment for the Proposed Tank Trails in Training Area 32C, Report No. 1025 (Project and Contract Manager: 2010-2011). Ms. Perez served as Project and Contract Manager for this survey. A total of 59 sites were evaluated for NRHP eligibility status. Paleoindian to Formative period components were identified. Ms. Perez scheduled the fieldwork, maintained the project budget, conducted quality control, reviewed state forms, and was a contributing author.

USIBWC: Survey of 30 Restoration Areas along the Rio Grande from Percha Dam, Sierra County, New Mexico to American Dam, El Paso County, Texas: (Project Manager: 2011). Ms. Perez served as the Project Manager and Project Historian for this survey. Ms. Perez generated a work plan for both New Mexico and Texas historic preservation offices, scheduled fieldwork, maintained the budget, conducted quality control, and was a contributing author.

Fort Bliss Military Installation, El Paso County, Texas: Survey of 4,006 Acres and Assessment of 260 Archeological Sites, Report No. 0929 (Project Manager: 2009 to 2011). Ms. Perez was the Project Manager for this survey. The survey identified 260 archeological sites. Ms. Perez scheduled the fieldwork, maintained the project budget, and was a contributing author.

Fort Bliss Military Installation, El Paso County, Texas: Survey of 1,817.6 Acres and National Register of Historic Places Eligibility Assessment of Archeological Sites, Southern Maneuver Areas, Report No. 0930 (Contract Manager: 2009 to

2010). Ms. Perez served as the Contract Manager for this survey. The survey identified 87 sites of which only five were recommended eligible for listing to the NRHP. The sites represented locations of daily subsistence activities, short-term campsites, or in a few instances, longer-term base camps. Ms. Perez scheduled the fieldwork, maintained the project budget, and reviewed all Texas State forms.

Fort Bliss Military Installation, Otero County, New Mexico: Sparse Settlement in the Fan-Piedmont of the Hueco Mountains: An Inventory of 1,019.5 Acres on McGregor Range, Report No. 0926 (Project Manager: 2010). Ms. Perez served as the Project Manager for this survey. The survey identified six archeological sites; two prehistoric and four historic-age sites. The sites represented short-term logistical sites with tool procurement and heating/cooking as the primary activities, while the historic sites represented early ranching/homesteading activities and early 20th century military activities. Ms. Perez scheduled the fieldwork, maintained the project budget, reviewed the state forms, and was a contributing author.

³⁶**Fort Bliss Military Installation, El Paso County, Texas: Inventory of 831.5 Acres and NRHP Eligibility Assessment of 56 Sites in Maneuver Area 1B, Report No. 0816 (Project Manager: 2009).** Ms. Perez served as the Project Manager for this survey. The survey identified 56 archeological sites of which four were recommended eligible for listing to the NRHP. The sites represented short-term occupations. Ms. Perez participated in the survey, scheduled the fieldwork, maintained the project budget, reviewed the state forms, and was a contributing author.

³⁷**Fort Bliss Military Installation, El Paso County, Texas: Inventory of 853.1 Acres and NRHP Eligibility Assessment of 43 Sites in Maneuver Area 1B, Report No. 0815 (Project Manager: 2008-2009).** Ms. Perez served as the Project Manager for this survey. The survey identified 43 archeological sites of which one was recommended eligible for listing to the NRHP. The sites represented short-term occupations. Ms. Perez participated in the survey, scheduled the fieldwork, maintained the project budget, reviewed the state forms, and was a contributing author.

²¹**Fort Bliss Military Installation, Otero County, New Mexico: Archeological Survey of 2,723 Acres in Training Area 24, McGregor Range, Report No. 0644 (Contract Manager: 2009).** Ms. Perez served as the Contract Manager for this survey. The survey identified 38 archeological sites of which 19 were recommended eligible for listing to the NRHP. The majority of the sites were identified as Formative-period occupations. Ms. Perez participated in the survey, scheduled the fieldwork, maintained the project budget, and reviewed state forms.

²²**Fort Bliss Military Installation, Otero County, New Mexico: Survey and NRHP Evaluation of 1,218 Acres for Proposed Forest Thinning, Report No. 0756 (Project Manager: 2008).** Ms. Perez served as the Project Manager for this survey. The survey identified 22 sites and 93 isolated occurrences. Of the 22 sites, three sites were recommended eligible for listing to the NRHP. Cultural components identified ranged between Middle Archaic to Anglo/Euroamerican period occupations. Ms. Perez scheduled the fieldwork, maintained the project budget, reviewed state forms, and was the primary author.

⁸**Fort Bliss Military Installation, Otero County, New Mexico: Archeological Survey and NRHP Eligibility Assessments in 4 Parcels (2,000 Acres) within Training Area 29, McGregor Range, Report No. 0628 (Contract Manager: 2008).** Ms. Perez served as the Contract Manager for this survey. The survey identified 22 sites of which 11 were

recommended eligible for listing to the NRHP. Cultural components identified ranged between Middle Archaic to Formative-period sites. Ms. Perez scheduled the fieldwork, maintained the project budget, reviewed the state forms, and was the primary author.

⁴³**Fort Bliss Military Installation, El Paso County, Texas: Cultural Resource Survey and Site Assessment in the Biggs Army Air Field-BCT Parcel, Report No. 0510 (Project Manager: 2008).** Ms. Perez served as the Project Manager for this 2,356-acre survey. The survey identified 81 archeological sites, of which 21 were recommended eligible for listing to the NRHP. Ms. Perez scheduled the fieldwork, maintained the project budget, reviewed the state forms, and was the primary author.

²⁴**Fort Bliss Military Installation, Otero County, New Mexico: Archeological Survey of 8,000 Acres in Training Area 26, McGregor Guided Missile Range, Report No. 0629 (Contract Manager: 2007).** Ms. Perez served as the Contract Manager for this survey. The survey identified 15 archeological sites, of which three were recommended eligible for listing to the NRHP. The survey data showed that the preferred location for occupation was on the canyon floors, particularly near the confluence of major drainage channels. The sites were dominated by large fire-cracked rock middens indicative of task-oriented processing of desert succulent plant resources, and most likely did not serve as long-term residential occupations. Ms. Perez scheduled the fieldwork, maintained the project budget, reviewed the state forms, and was the primary author.

²⁵**Fort Bliss Military Installation, Otero County, New Mexico: Archeological Survey and NRHP Eligibility Assessments in 8 Parcels (2,001 Acres) within Training Area 11, McGregor Range, Report No. 0547 (Contract Manager: 2007).** Ms. Perez served as the Contract Manager for this survey. The survey identified 69 cultural properties, of which 41 were recommended eligible for listing to the NRHP. Cultural components ranged between Paleoindian to Historic-Ranching-period sites. Ms. Perez scheduled the fieldwork, maintained the project budget, reviewed the state forms, and was a contributing author.

⁴**Fort Bliss Military Installation, Otero County, New Mexico: Thirty Years Later: Results of a 2,045-Acre Survey to Assess the Conditions and Boundaries of LA 37179 (The McGregor Site), LA 37180, LA 145197, and LA 150612, Report No. 0518 (Contract Management: 2006).** Ms. Perez served as the Contract Manager for this project. Four sites were identified within the project parcel. All four sites were recommended eligible for listing to the NRHP. Ms. Perez scheduled the fieldwork, maintained the project budget, reviewed the state forms, and was a contributing author.

³**Fort Bliss Military Installation, Otero County, New Mexico: Hot Days in Hot Zones: An 897-Acre Archaeological Survey for the CACTF at Benton Well, the UAC at FAW-4, and the Demo Range at Meyer 23, Maneuver Areas 29 and 32, McGregor Range, Report No. 0529 (Project Manager: 2006).** Ms. Perez served as the Project Manager. The survey yielded 16 archeological sites. Of the 16, six were previously recorded and 10 newly recorded. Twelve sites were recommended eligible for listing in the NRHP with the remaining four not eligible. Ms. Perez scheduled the fieldwork, maintained the project budget, reviewed the state forms, and was the primary author.

^{17/34}**Fort Bliss Military Installation, El Paso County, Texas and Doña Ana and Otero Counties, New Mexico: A Survey of 1,777 Acres in Five Land Parcels, Fort Bliss, Report No. 0542 (Contract Management: 2006).** Ms. Perez participated in the field survey, scheduled field crews, managed the budget, reviewed the state forms, and was the Contract Representative for this project. The survey identified 99 archeological sites, of which

28 were recommended eligible for listing to the NRHP. The archeological sites represented short-term residential occupations and small foraging campsites.

⁴¹**Fort Bliss Military Installation, El Paso County, Texas: Cultural Resource Survey of 152 Acres for Biggs Medical/Dental Facility in the Biggs Army Air Field-BCT Parcel, Report No. 0546 (Project Manager: 2006).** Ms. Perez served as the Project Manager/Crew Chief for this small survey. No significant cultural deposits were identified. Ms. Perez was a contributing author.

***Moreno Cardenas Inc., El Paso, Texas: El Paso Water Utilities-Public Service Board Joint Desalination Facilities Program (Project Director: 2005-2007).** A series of projects (n=5) associated with the Desalination Facility within Fort Bliss military installation. The projects entailed survey of proposed parcel, pipeline corridor, and monitoring during construction of facility and pipeline installation. Ms. Perez authored and co-authored the subsequent reports.

***Brown & Caldwell: El Paso, Texas: Cultural Resource Survey of the Eastside Wastewater Interceptors 4A and 4B (Field Supervisor: 2005).** Ms. Perez was a field supervisor in the archaeological survey of two proposed interceptor sewer lines. The survey yielded two prehistoric sites and three isolated prehistoric manifestations. Ms. Perez authored the report.

***Kinder-Morgan, El Paso, Texas: Cultural Resource Survey of a 35-acre Parcel for the Proposed Kinder-Morgan East Line Pipeline Looping Project, Segment 1 within El Paso County, Texas (Field Supervisor: 2004).** Ms. Perez served as field supervisor and assisted in the survey of the parcel. Isolated prehistoric manifestations were recorded. Modern building debris was also recorded.

TC&B, El Paso, Texas: Cultural Resource Survey for the Loop 375, I-10 to Franklin Mountain State Park Roadway-Widening Project, (Field Supervisor: October 2004). Ms. Perez served as field supervisor and assisted in the survey of the liner project. Prehistoric isolated manifestations were recorded and one historic bottle fragment was recorded.

BLM, Amarillo, Texas: Two APEs on BLM Cross Bar Lands (Field Supervisor: September-October 2004). Ms. Perez served as field supervisor and assisted in the survey of two parcels located within the Cross Bar Lands on BLM property. No prehistoric or historic cultural material was located. Ms. Perez authored the BLM Negative Report to comply with BLM and Texas Historic Commission regulations.

***Brown & Caldwell, El Paso, Texas: Cultural Resource Survey of the Mesa Drain Valley Wastewater Interceptor System (Field Supervisor: September 2004).** Ms. Perez was a field supervisor in the archaeological survey of two proposed interceptor sewer lines. The survey did not yield prehistoric or historic cultural deposits.

¹⁶**Doña Ana County, Rodey, NM: Cultural Resource Survey for Roadway Improvements in Doña Ana County (Field Supervisor: June 2004).** Ms. Perez served as field supervisor and assisted in the survey of approximately 80-acres within, and extending beyond, the south half of Rodey, NM. Two sites were recommended for avoidance but road improvements were recommended to continue as these would not affect the site. Ms. Perez authored the short report required by the New Mexico historic preservation office.

²⁶**Fort Bliss Military Installation, El Paso, Texas: Survey and Testing for NHRP Evaluations of 3 Parcels in the Hellfire Missile Impact Area, McGregor Guided Missile Range, Fort Bliss, Texas (Field Director: June 2004).** Ms. Perez served as field director and assisted in the survey and testing of three parcels within the McGregor Range, Fort Bliss, Texas. Two prehistoric sites were recorded. Ms. Perez also authored the report.

Cultural Resource Survey of Keystone Business Park Subdivision (16.5 acres), El Paso County, Texas, (Field Supervisor: May 2004). Ms. Perez served as field supervisor and assisted in the survey of the 16.5 acres of the Keystone Business Park Subdivision. The cultural resource investigations did not yield prehistoric or historic deposits. Ms. Perez also authored the short report required by the Texas Historic Commission.

³²**BLM, Amarillo, Texas: 2001 Cross Bar Ranch Survey (Field Supervisor: September 2001).** Ms. Perez served as a field supervisor. Duties included: survey, site location, recording and mapping of archaeological resources, documentation of subsurface shovel testing, and time sheets for several crewmembers.

***Brown & Caldwell, El Paso, Texas: Mesa Drain Valley Interceptors Archaeological Survey, El Paso County, Texas (Field Supervisor: 2001).** Ms. Perez was a field supervisor in the archaeological survey of two proposed interceptor sewer lines. The survey yielded only nine isolated prehistoric artifacts.

Carter and Burgess, Inc., El Paso, Texas: Archaeological Survey for a Portion of Interstate Highway 10 North of the Loop 375—I-10 Interchange, El Paso County, Texas, (Field Supervisor: July 2001). Ms. Perez assisted in the archaeological survey at the proposed location of highway construction along a portion of Interstate Highway 10 in El Paso County, Texas. A historic trash deposit was recorded. A mid 20th century time period was assigned to the trash deposit.

³¹**Fort Riley, Kansas: Survey and Shovel Testing of Burn 1, 4, 8, 10-13 (Field Supervisor: March-May 2000).** As a field supervisor with a crew of four, Ms. Perez conducted survey and shovel testing of incidental burn areas within Ft. Riley, Kansas. Ms. Perez also helped to write site descriptions and other general information pertaining to recorded sites within the burn areas.

¹⁴**Fort Bliss Military Installation, El Paso, Texas: The Doña Ana Range Survey and Site Evaluations in Limited Use Areas A Through N, Fort Bliss, Doña Ana and Otero Counties, New Mexico, Delivery Orders 9 and 17 (Field Technician/Field Supervisor: 1998 – 1999).** Ms. Perez served as field technician/field supervisor within the Limited Use Areas on the Dona Ana Range. The survey located over 220 sites dating from Paleoindian to the Cold War era.

¹⁵**University of Texas at El Paso, McGregor Range 180 km² survey, McGregor Range, Fort Bliss, New Mexico (Field Supervisor: 1996-1997).** Ms. Perez served as a field supervisor and assisted in the survey of several km² areas within the McGregor Range area. Numerous prehistoric and historic sites were located and plotted on topographic and blue line maps. These sites ranged from the Archaic and Formative Periods to late 19th and 20th century military historic features. Ms. Perez also assisted with the writing of the summary reports and LA forms.

¹**Relaciones, Inc., El Paso, Texas: Mushroom Basin Timber Sale Project (Field Technician: 1994).** As a crew member, participated in the survey of over a 1,000 acres in the

Jemez District of the Santa Fe National Forest, Sandoval County, New Mexico. Recorded several prehistoric and historic cultural resource sites and numerous isolated finds.

⁵⁰**Volunteer, El Paso, Texas: The Northeast Franklin Mountain Survey (Field Technician: 1993).** Ms. Perez assisted in a volunteer project that recorded site inventories and conducted site descriptions.

Archaeological Test Excavations

Ms. Perez has conducted numerous test excavations in projects within the New Mexico, Arizona, North Dakota, and Texas areas. The test excavations assisted in determining the eligibility status of numerous prehistoric to historic sites relative to the National Register of Historic Places. These include all of the above mentioned projects and other examples listed below.

Fort Bliss Military Installation, Doña Ana County, New Mexico: The NRHP Eligibility Assessment of 17 Sites in Maneuver Areas 3A and 4D, Report No. 0919 (Project Manager: 2010). Ms. Perez served as the Project Manager for this testing project. Of the 17 sites assessed, only three were recommended eligible for listing the NRHP. Cultural components consisted of Early Archaic, Middle Archaic, Late Archaic/early Formative, early Formative, and Formative periods. The sites represented short-term occupations. Ms. Perez scheduled and participated in the fieldwork, maintained the budget, conducted quality control, reviewed state forms, and was a contributing author.

¹⁹**Fort Bliss Military Installation, Otero County, New Mexico: The NRHP Eligibility Assessment of 40 Sites in the Foothills of the Sacramento Mountains, Report No. 0840 (Project Manager: 2009).** Ms. Perez served as the Project Manager for this testing project. Of the 40 sites assessed, two sites were combined into one. Of the 39 sites evaluated, 17 were no longer extant, six became isolated occurrences, and the remaining 16 retained site criteria. Only two sites were recommended eligible for listing to the NRHP. Ms. Perez scheduled the fieldwork, maintained the budget, conducted quality control, reviewed state forms, and was a contributing author.

²⁰**Fort Bliss Military Installation, Otero County, New Mexico: The NRHP Eligibility Assessment of 25 Sites Along the Otero Mesa Escarpment, Report No. 0824 (Project Manager: 2008-2009).** Ms. Perez served as the Project Manager for this testing project. Of the 25 sites assessed, two were located, eight became isolated occurrences, 13 were no longer extant, and two were left as undetermined-not located. Only one site was recommended eligible for listing to the NRHP. Ms. Perez scheduled the fieldwork, maintained the budget, conducted quality control, reviewed state forms, and was a contributing author.

Fort Bliss Military Installation, El Paso County, Texas: The NRHP Eligibility Assessment of 28 Sites in Maneuver Area 1B, Report No. 0814 (Project Manager: 2009). Ms. Perez served as the Project Manager for this testing project. Thirty sites were originally selected for assessment. However, two were combined into two other separate sites reducing the number to 28. Of the 28 sites, 14 no longer met site criteria and six were no longer extant. Of the remaining eight sites, two were recommended eligible for listing to the NRHP. The sites represented short-term occupations. Ms. Perez scheduled the fieldwork, maintained the budget, conducted quality control, reviewed state forms, and was a contributing author.

Fort Bliss Military Installation, Doña Ana County, New Mexico: NRHP Evaluation of 35 Prehistoric Sites in Maneuver Areas 3A and 3B, Report No. 0740 (Project Manager: 2008-2009). Ms. Perez served as the Project Manager for this testing project. Of

the 35 sites, 21 were evaluated for NRHP eligibility status, 11 no longer met site criteria and redefined as isolated occurrences, and three were not located and considered no longer extant. Cultural components identified consisted of Middle Archaic to Formative periods. Ms. Perez scheduled and participated in the fieldwork, maintained the budget, conducted quality control, reviewed state forms, and was a contributing author.

³⁸**Fort Bliss Military Installation, El Paso County, Texas: NRHP Assessment of 62 Sites within Maneuver Area 1B, Report No. 0654 (Project Manager: 2009).** Ms. Perez served as the Project Manager for this testing project. Of the 62 sites, 27 became isolated occurrences, four were combined into two sites, and 27 met site criteria. Of the 27 sites assessed, only one was recommended eligible for listing to the NRHP. Cultural components identified consisted of Early Archaic, Formative, and Historic periods. Ms. Perez scheduled and participated in the fieldwork, maintained the budget, conducted quality control, reviewed state forms, and was a contributing author.

²³**Fort Bliss Military Installation, Otero County, New Mexico: NRHP Eligibility Assessment of 50 Prehistoric Sites, Meyer Range Complex, Report No. 0512 (Project Manager: 2006-2009).** Ms. Perez served as the Project Manager for this testing project. Of the 50 sites selected for testing, six were recommended eligible for listing to the NRHP, 20 were not eligible, 10 became isolated occurrences, six were combined with an existing eligible site, three were combined into one eligible site, two were combined into a non-eligible site, and the remaining three were no longer extant. Cultural components identified consisted of Early Archaic, Late Archaic, Late Archaic/early Formative, Formative, and Historic periods. Ms. Perez scheduled and participated in the fieldwork, maintained the budget, conducted quality control, reviewed state forms, and was a contributing author.

³⁵**Fort Bliss Military Installation, El Paso County, Texas: NRHP Evaluations of 30 Archeological Sites in Maneuver Area 2C, Report No. 0720 (Project Manager: 2008).** Ms. Perez served as the Project Manager for this testing project. Of the 30 sites tested and evaluated, only two were recommended eligible for listing in the NRHP. Cultural components identified ranged from Archaic to Formative periods. Ms. Perez scheduled and participated in the fieldwork, maintained the budget, conducted quality control, reviewed state forms, and was a contributing author.

⁶**Engineer Research and Development Center, Construction Engineering Research Laboratory (CERL), Fort Bliss Military Installation, Otero County, New Mexico: Ground-Truthing Remote Sensing Data at the Escondida Site (LA 458), (Co-project Director: 2006).** Ms. Perez served as co-project director for this testing project. TRC teamed with the Strategic Environmental Research and Development Program (SERDP) to assess the validity of the remotely sensed data interpretations. The excavations confirmed many of the interpretive assessments and provided significant new archeological information concerning site chronology, artifact content, and state of preservation. Ms. Perez managed the budget, participated in the field work, and was a contributing author.

¹⁰**Fort Bliss Military Installation, El Paso, Texas: Testing of Nine Sites on Doña Ana Ranges 48, 49, and 50 (Field Director: 2006).** Ms. Perez served as the field director for the test excavation of nine sites located on Doña Ana Range. Archival research of maps and databases as well as excavations on the nine sites was conducted. Time periods range from the late Archaic to Formative.

Fort Bliss military installation, El Paso, Texas: The Public Outreach Archaeological Field School (Field Director: 2001). Ms. Perez was a co-field director for

the project. Ms. Perez assisted in the management, organization, and scheduling of the program. The program was geared towards military families wanting to gain knowledge and experience in an archaeological dig. Students were introduced to basic excavation, laboratory, and mapping methodology. A prehistoric site was the focus of the field school.

Fort Bliss military installation, El Paso, Texas: Archaeological Investigations of Seven Historical Sites within Fort Bliss, Texas (Field Director: 2001). Ms. Perez served as field director for the test excavation of seven historic sites located within the cantonment of Fort Bliss Military Reservation. Archival research of maps and buildings was conducted as well as excavations on the seven sites. The time periods ranged from late 19th century to mid 20th century military and ranching activities.

Data Recovery Excavations

Ms. Perez has participated in several data recovery projects as a field technician, field supervisor, and/or Project or Contract Manager. These have included numerous individual sites to large multiple site investigations. These have ranged from the prehistoric to historic and into the "Cold War" era. Prehistoric components included Paleoindian, all Archaic Period sequences, and all Formative Period sequences. Additional experience in data recovery excavation includes southern portions of Arizona, areas of western Texas, and southwestern New Mexico.

Fort Bliss Military Installation, Doña Ana County, New Mexico: Mitigation of Four Sites, Report No. 1230 (Contract Manager: 2012 to 2013). Ms. Perez is the Contract Manager for this data recovery project. Ms. Perez schedules the fieldwork, maintains the budget, conducts quality control, and will review state forms.

Fort Bliss Military Installation, Otero County, New Mexico: Mitigation of Seven Sites, Report No. 1206 (Project and Contract Manager: 2012 to 2013). Ms. Perez is the Project and Contract Manager for this data recovery project. Ms. Perez schedules the fieldwork, maintains the budget, conducts quality control, and will oversee the fieldwork and report.

Fort Bliss Military Installation, Doña Ana County, New Mexico: Mitigation of Six Sites in Firing Boxes, Report No. 1210 (Contract Manager: 2012 to 2013). Ms. Perez is the Contract Manager for this data recovery project. Ms. Perez schedules the fieldwork, maintains the budget, conducts quality control, and will review state forms.

Fort Bliss Military Installation, Doña Ana County, New Mexico: Mitigation of Five Sites, Report No. 1111 (Contract Manager: 2011-2012). Ms. Perez served as Contract Manager for this data recovery project. Ms. Perez scheduled the fieldwork, maintained the budget, conducted quality control, reviewed state forms, and was a contributing author.

Fort Bliss Military Installation, Doña Ana County, New Mexico: Mitigation of Eight Sites in Maneuver Area 3A, Report No. 0711 (Contract Manager: 2007-2011). Ms. Perez served as Contract Manager for this data recovery project. Ms. Perez scheduled the fieldwork, maintained the budget, conducted quality control, and reviewed state forms.

Fort Bliss Military Installation, El Paso County, Texas: Data Recovery of 14 Prehistoric Sites Adjacent to U.S. Highway Loop 375, Maneuver Area 1B, Report No. 0745 (Contract Manager: 2009-2010). Ms. Perez served as Contract Manager for this data recovery project. Ms. Perez scheduled the fieldwork, maintained the budget, conducted quality control, and reviewed state forms.

Fort Bliss Military Installation, El Paso County, Texas: Data Recovery of Eight Prehistoric Sites in Maneuver Area 1B, Report No. 0815 (Contract Manager: 2008-2009). Ms. Perez served as Contract Manager for this data recovery project. Ms. Perez scheduled the fieldwork, maintained the budget, conducted quality control, and reviewed state forms.

Fort Bliss Military Installation, Otero County, New Mexico: Data Recovery of Seven Prehistoric Sites, Training Areas 29 and 32, Report No. 0813 (Contract Manager: 2008-2010). Ms. Perez served as Contract Manager for this data recovery project. Ms. Perez scheduled the fieldwork, maintained the budget, conducted quality control, and reviewed state forms.

Fort Bliss Military Installation, Otero County, New Mexico: Data Recovery of Nine Prehistoric Sites, Training Area 9, Report No. 0754 (Contract Manager: 2007-2009). Ms. Perez served as Contract Manager for this data recovery project. Ms. Perez scheduled the fieldwork, maintained the budget, conducted quality control, and reviewed state forms.

Fort Bliss Military Installation, El Paso County, Texas: Mitigation of 16 Prehistoric Sites, Maneuver Area 1B, Report No. 0653 (Contract Manager: 2006-2009). Ms. Perez served as Contract Manager for this data recovery project. Ms. Perez scheduled the fieldwork, maintained the budget, conducted quality control, and reviewed state forms.

⁴²**Fort Bliss Military Installation, El Paso County, Texas: A Data Recovery of 11 Sites within the Biggs Army Airfield, Maneuver Area 1B, Report No. 0510 (Project Manager: 2006-2009).** Ms. Perez served as the Project Manager for this data recovery project. Eleven sites were mitigated. The data recovery phase of the project focused on fire-cracked rock and carbon-stained features exposed on the surface of the prehistoric sites. The data recovery efforts were carried out in accordance with Sections 106 and 110 of the NHPA of 1966, as amended, 36 CFR 800, and other relevant laws, standards, regulations, and guidelines. The 11 sites represented logistical-non-residential sites, and only one site represented a short-term use residential site. Ms. Perez was the primary author.

Fort Bliss Military Installation, Doña Ana County, New Mexico: Assessing Organizational Strategies During the Late Mesilla Phase (A.D. 600 to 1100): A Data Recovery of Four Prehistoric Sites Along the Organ Mountain Alluvial Fans, Doña Ana Firing Complex, Range 48, Report No. 0304 (Contract Manager: 2005-2008). Ms. Perez served as Contract Manager for this data recovery project. Ms. Perez scheduled the fieldwork, maintained the budget, conducted quality control, and reviewed state forms.

Fort Bliss Military Installation, El Paso County, Texas: Examining Late Archaic and Early Formative Period Social Dynamics in the Hueco Bolson: A Data Recovery of Six Prehistoric Sites in the Hueco Bolson, Maneuver Areas 1B and 2C, Report No. 0623 (Contract Manager: 2006-2007). Ms. Perez served as Contract Manager for this data recovery project. Ms. Perez scheduled the fieldwork, maintained the budget, conducted quality control, reviewed state forms, and was a contributing author.

⁴⁰**Fort Bliss Military Installation, El Paso County, Texas: Investigations at a Possible Protohistoric Site: Data Recovery Excavations at 41EP2770 (FB 9835), Maneuver Area 1B, Report No. 0408 (Contract Manager: 2004-2007).** Ms. Perez

served as Contract Manager for this data recovery project. Ms. Perez scheduled the fieldwork, maintained the budget, conducted quality control, and reviewed state forms.

Fort Bliss Military Installation, El Paso County, Texas: A Data Recovery of Five Prehistoric Sites in the Hueco Mountain Area, Maneuver Areas 2C and 2D, Report No. 0409 (Contract Manager: 2004-2007). Ms. Perez served as Contract Manager for this data recovery project. Ms. Perez scheduled the fieldwork, maintained the budget, conducted quality control, and reviewed state forms.

***Texas DOT: Archaeological Monitoring of US 85 (Paisano Drive) from 0.065 miles west of Santa Fe Street to 0.144 miles east of Florence Street, El Paso County, El Paso, Texas, (Project Archaeologist: 2005).** Ms. Perez served as project archaeologist and assisted in the monitoring of the project. A limited number of historic artifacts were recovered during the project. Archival research was conducted in order to correlate the artifacts recovered to the late 19th and early 20th century period for Downtown El Paso. Ms. Perez co-authored the report.

³³**Texas Department of Transportation: Burned Rock Mound Feature Excavations, Hackberry Creek, 41ED28, Edwards County, Texas, (Field Director: 2002).** As a field director/crew chief Ms. Perez and crew conducted the preliminary test excavations to determine the extent of cultural deposits at the prehistoric site.

⁴⁵**Fort Bliss, Texas: Data Recovery Plan for Hueco Mountains Archaeological Project (HMAP) UTM 8428, 8429, and 8529 Mitigation, Delivery Order 29, (Field Director: 2005).** Ms. Perez served as co-field director for the data recovery and mitigation of several sites located in the Nations East Well Training Area within Fort Bliss military installation. The project focused on spatial patterns in order to expose settlement patterns. A variety of analysis of artifacts was used to determine chronology, cultural affiliation, paleobotanical identification, among others. The sites were a small representation of prehistoric sites recorded within the Nations East Well Training area.

⁴⁶**Texas Department of Transportation, El Paso County: Site 41EP4439 Eligibility Testing (Field Director: 2002).** Ms. Perez assisted the project geomorphologist in determining locations for mechanical excavation. She also managed the logistical aspects of the project. The project entailed the testing and mitigation of a prehistoric site. Archival research of maps and previous investigations of the area were also conducted.

***Lower Valley Water District Authority and Texas Water Development Board: Archaeological Data Recovery and Monitoring Phase III D-S Sewer Project, El Paso County, San Elizario, Texas (Field Director: 2000-2002).** Ms. Perez served as a field director for the monitoring and data recovery excavation of a multiple of sites located within the archaeologically sensitive zone within the San Elizario Historic District. The sites contain prehistoric, pre-presidio, presidio, and Euroamerican cultural affiliations. Ms. Perez also assisted in coordination of scheduling with various contractors.

Randolph Macon's Woman College: Bir Ftouha Field School, Carthage, Tunisia (Field Technician: 1997). Ms. Perez participated in the Bir Ftouha Field School in Carthage, Tunisia. Extensive trench and stratigraphic excavations on a 4-5th Century A. D. Basilica which yielded multicomponent information. Punic to Byzantine coins, ceramics, and mosaics were collected, and analyzed. Other information conducted included trench profiling and ITS mapping.

University of North Dakota at Grand Forks: Killdeer, North Dakota: The Lake Ilo Project (Field Supervisor 1993, 1994). Ms. Perez served as a field supervisor in the data recovery excavation of a large Paleo-Indian (Folsom) site. The repairs done to the man-made dams that controlled the water levels of Lake Ilo exposed the site. The site became one of the most important of the region due to the high number of Paleoindian artifacts recovered and analyzed. Ms. Perez also participated in the training of field school students for this project.

⁵⁴**Northland Research, Inc., Phoenix, Arizona: The Heritage Square Historic/Prehistoric Project (Field Technician: 1994).** Ms. Perez participated in the test excavation, trench profiling, feature mapping and excavation, as well as leading bilingual public awareness tours for the project. The site included important, prehistoric and historic data within the southwest portion of the United States. The historic data yielded remains from the first township of Phoenix, as well as prehistoric information related to the Archaic and Formative Periods.

⁵⁵**Northland Research, Inc., Mesa, Arizona: The McDowell to Shea Project (Field Technician: 1993).** Ms. Perez participated in the test excavation, trench profiling, feature mapping and excavation of a Hohokam Compound. Investigations conducted yielded information about the geographical area, sedentary as well as seasonal occupation, and burial customs. Ms. Perez participated in the burial excavations and led bilingual public awareness tours for the project.

⁴⁹**Fort Bliss Military Installation, El Paso, Texas: The Eighth Cavalry Stables Historical Project (Field Technician: 1993).** Ms. Perez participated in the survey, test excavation, artifact analysis, and research of the area. Information from this project yielded military historical remains of the First Cavalry stationed on Fort Bliss during the early 20th century.

⁵¹**Fort Bliss Military Installation, El Paso, Texas: The Nations East/Hueco Mountain Project (Field Technician: 1992-1993).** Ms. Perez served as a field technician in the testing of prehistoric and historic sites, within a 14.0-km² area in the southern portion of the Hueco Bolson, into the Hueco Mountains. This testing resulted in the mitigation of numerous sites. The investigations included controlled surface collections, manual excavations, and backhoe trenching. Ms. Perez participated in the testing and mitigation of hearth type features and artifact analysis for this project. The sites included important prehistoric and historic data within the Jornada Mogollon.

⁵²**Fort Bliss Military Installation, El Paso, Texas: The Tobin Well Project (Field Technician: 1992).** Ms. Perez served as a field technician and conducted survey, testing, and mitigation of numerous prehistoric sites within the Jornada Mogollon. Test information yielded remains from the Early Archaic Periods, as well as, pit-houses from the Late Archaic to the El Paso Phase. The investigations included controlled surface collections, manual excavations, and defining and mapping site boundaries. Ms. Perez conducted analysis of all collected cultural materials including lithics, ceramics, bone, and flotation analysis. The sites included important prehistoric data within the Jornada Mogollon.

Archeological Collections Research

Under 1966 NHPA Section 106 guidelines, Ms. Perez has conducted archival research for several projects already mentioned. Historic and prehistoric information has been researched for specific projects and for her graduate ethno-historical investigations that pertained to her Master's thesis. An example of such analysis is presented below and some is listed before under data and test excavations.

USIBWC-ARRA Section 106 Coordination for levee Rehabilitation Seepage Control (Floodwall and Slurry Trench) in Support of Rectification Flood Control Improvements to the Rio Grande Rectification Project, El Paso and Hudspeth Counties, Texas (Project Manager: 2011). Ms. Perez is the Project Manager for this archival review project. The project entailed the archival research and literature review of historic-age properties along the project area.

Class I File/Literature Searches. Ms. Perez has conducted Class I File/Literature searches for: The Eighth Cavalry Stables Historical Project, Fort Bliss, Texas; Archeological Data Recovery and Monitoring Phase III D-S Sewer Project, San Elizario Historic District; Testing on High Speed Test Track Holloman AFB; and Archeological Investigation of Seven Historic Sites within the Cantonment, Fort Bliss, Texas.

⁵⁶Historic Property Survey Report: Proposed Street Widening and Improvement Project, Pershing Avenue and Harding Way, City of Stockton, San Joaquin County, California City Project No. 01-39, Federal Project No. STPLH 5008 (0058), (Field Director: 2003). Ms. Perez assisted in the writing of the report. Duties included the update of historic properties forms.

⁴⁸Fort Bliss Military Installation, New Mexico and Texas: Chronometric and Relative Chronology Project (Field Technician: 1993). Ms. Perez collected research information on C-14 dates, obsidian hydration dates, as well as the measurements of over 600 projectile points of different prehistoric phases. The purpose of the resultant information was to improve chronological control over archaeological materials. The data also included 1400 radiocarbon dates and 2300 obsidian hydration dates.

Ethno-historical Research. Ms. Perez focused on the Yaqui Indians of the Sonoran region. The thesis was a discourse analysis between Mexican and American media, and officials in relation to the Yaqui Indians and their contribution to the Mexican Revolution (1910-1920). Research included newspapers from Mexico, United States, and England. Also, the American National Archives were researched for documentation on the Mexican and American officials, and their relations and views towards the Yaqui Indians.

Bureau of Land Management: Ethnography and Ethnographic Synthesis for Solar Energy Study Areas of South-Central Colorado (Project Historian: 2011-2013). Ms. Perez is currently the Project Historian. She has conducted oral interviews of Hispano families in the San Luis Valley. Ms. Perez will be a contributing author.

Preparation of State Site Data Forms

Ms. Perez has prepared and reviewed numerous Texas and New Mexico site data forms for projects already mentioned. In addition, she reviews all draft site data forms prior to submittal to federal and state agencies.

NEPA Assessments

Ms. Perez has been involved in three projects that served to fulfill one of the policies of NEPA, specifically, to preserve important historical and cultural aspects of our national heritage that might be adversely impacted by proposed legislation or some major federal action.

Fort Bliss Military Installation, El Paso, Texas: Rehabilitate 50,000 Artifacts from Backlog, Project No. 1235 (Project and Contract Manager: 2012-2013). Ms. Perez is the Project and Contract Manager for this curatorial project. Ms. Perez oversees personnel

assigned to the Curatorial Facility on Fort Bliss. Ms. Perez maintains the budget and address any potential staffing issues.

Fort Bliss Military Installation, Doña Ana and Otero Counties, New Mexico and El Paso County, Texas: Live or Die: 27 Homesteads/Ranch Sites identified in the Tularosa Basin and Hueco Bolson within the Fort Bliss Military Installation (Project Manager: 2006). Ms. Perez served as the Project Manager/Project Archeologist and followed the Antiquities Act of 1906, Historic Sites Act of 1935, the 1966 NHPA Section 106 and 110, and NEPA of 1969 guidelines; conducted testing and research, and provided NRHP recommendations.

Fort Bliss Military Installation, Doña Ana and Otero Counties, New Mexico: McGregor Range 180-km² survey - Part II (Field Supervisor: 1995-1996). Ms. Perez served as a Field Supervisor and assisted in the survey of several km² areas within the McGregor Range area as per NHPA Section 106 and 110 guidelines. The project was a part of the McGregor Range Withdrawal Environmental Impact Statement (EIS).

The Lake Ilo Project, Killdeer, North Dakota (Field Supervisor: 1994; Field Technician: 1993). Ms. Perez served as a Crew Chief in the data recovery excavation of a large Paleo-Indian (Folsom) site. Repairs made to man-made dams that controlled the water levels of Lake Ilo exposed the site and required mitigation of this important Paleoindian site.

Historical Investigations

Fort Bliss Military Installation, Otero County, New Mexico: Evaluation of Eight Historic Sites, Report No. 1221 (Project and Contract Manager: 2012-2013). Ms. Perez is the Project and Contract Manager for this site evaluation project. Ms. Perez generated the Work Plan and detailed a Historic Context to assess the Historic-period sites. Ms. Perez schedules the fieldwork, maintains the budget, oversees analysis, and will be a contributing author.

***Data Recovery and Monitoring Results of 35 Sites Along the SFPP East Line Expansion Project, New Mexico Portion, 2008.** In 2007, Ms. Perez conducted research associated with the Union Pacific Railroad, workers, and settlements associated with the rail-line. The research focused in the southern New Mexico region. As expected, archeological evidence substantiated the presence of Chinese and Mexican workers during the construction of the rail-line. The overall project was associated with Kinder Morgan Energy Partners.

⁷Fort Bliss Military Installation, Doña Ana and Otero Counties, New Mexico and El Paso County, Texas: Live or Die: 27 Homesteads/Ranch Sites identified in the Tularosa Basin and Hueco Bolson within the Fort Bliss Military Installation (Project Manager: 2006). Ms. Perez served as the Project Manager/Project Archeologist and followed the Antiquities Act of 1906, Historic Sites Act of 1935, the 1966 NHPA Section 106 and 110, and NEPA of 1969 guidelines; conducted testing and research, and provided NRHP recommendations.

⁵⁶**Historic Property Survey Report: Proposed Street Widening and Improvement Project, Pershing Avenue and Harding Way, City of Stockton, San Joaquin County, California City Project No. 01-39, Federal Project No. STPLH 5008 (0058), 2003.** Ms. Perez assisted in the writing of the report. Duties included the update of historic properties forms.

⁴⁷**Fort Bliss Military Installation, Otero County, New Mexico and El Paso County, Texas: Archeological Investigation of Seven Historic Sites within the Cantonment (Field Director: 2003).** Ms. Perez served as API and co-author on this Fort Bliss project. Seven historic sites were inventoried and tested to provide recommendations for their eligibility to the NRHP. Both civilian and military activities were researched and evaluated on this project.

Archeological Data Recovery and Monitoring Phase III D-S Sewer Project, San Elizario Historic District (Field Supervisor: 2001). In this multi-phased project, Ms. Perez coordinated, conducted monitoring, and cultural feature testing along sewer line trenching within the San Elizario, Texas, Historic District as per NHPA Section 106 and 110 guidelines. Ms. Perez supervised and managed artifact analysis and cultural material dating, as well as authoring each project report.

Archeological Assessment and Intensive Field Survey of 7 Proposed Storm Water Detention Basins for the State Highway 20 (Alameda Ave) Rehabilitation Project, From Boone Street to Loop 375 (Americas Ave) TxDOT, El Paso District: CSJ 0002-01-055. Ms. Perez served as Principal Investigator and assisted in the archeological survey with shovel testing and backhoe trenching of the proposed detention basins. Only two artifacts were collected and associated with mid-twentieth century American culture. A brief section describing historical events is presented in the report. Ms. Perez co-authored and prepared the report.

Archaeological Survey for a Portion of Interstate Highway 10 North of the Loop 375—I-10 Interchange, El Paso County, Texas, July 2001. Ms. Perez assisted in the archaeological survey at the proposed location of highway construction along a portion of Interstate Highway 10 in El Paso County, Texas. A historic trash deposit was recorded. A mid 20th century time period was assigned to the trash deposit.

The Doña Ana Range Survey and Site Evaluations in Limited Use Areas A Through N, Fort Bliss, Doña Ana and Otero Counties, New Mexico, Delivery Orders 9 and 17, 1998 – 1999. Ms. Perez has served as field technician/field supervisor within the Limited Use Areas on the Doña Ana Range. The survey located over 220 sites dating from Paleoindian to the Cold War era.

McGregor Range 180 km² survey - Part II, 1996-1997, McGregor Range, New Mexico. Ms. Perez served as a field supervisor and assisted in the survey of several km² areas within the McGregor Range area. Numerous prehistoric and historic sites were located and plotted on topographic and blue line maps. These sites ranged from the Archaic and Formative Periods to late 19th and 20th century military historic features. Ms. Perez also assisted with the writing of the summary reports and LA forms.

The Heritage Square Historic/Prehistoric Project, Phoenix, Arizona (Field Technician: 1994). As a Crew Member, Ms. Perez participated in mitigation, trench profiling, feature mapping and excavation, as well as leading bilingual public awareness tours for the project. The site included important, prehistoric and historic data within the southwest portion of

the United States. The historic data yielded remains from the first township of Phoenix, as well as prehistoric information related to the Archaic and Formative Periods.

⁴⁹**Fort Bliss Military Installation, El Paso County, Texas: The Eighth Cavalry Stables Historical Project (Field Technician: 1993).** Under 1966 NHPA Section 106, Ms. Perez participated in the survey, test excavation, artifact analysis, and research of the area. Information from this project yielded military historical remains of the First Cavalry stationed on Fort Bliss during the early 20th century. Determined NRHP eligibility.

Specialized Training/Qualifications/Language

Major environmental regulations with which Ms. Perez has experience include the following:

- National Environmental Policy Act of 1969 (NEPA), as amended (42 USC 4321 et seq.)
- Antiquities Act of 1906, as amended (16 USC 431 et seq.)
- Archaeological and Historic Preservation Act (AHPA) of 1974, as amended (16 USC 469-469c-2)
- Archeological Resources Protection Act (ARPA) of 1979, as amended (16 USC 470aa et. seq.)
- Historic Sites Act of 1935, as amended (16 USC 461 et seq.)
- National Historic Preservation Act (NHPA) 1966, as amended (16 USC 470 et seq.)
- Native American Graves Protection and Repatriation Act (NAGPRA) of 1990, as amended (16 USC 469-469c-2).
- Executive Order 11593 of May 13, 1971, Protection and Enhancement of the Cultural Environment (NEPA)

Ms. Perez has the attribute of being bilingual; Spanish and English.
Archeological Resources Protection Act (ARPA) Training: June 2006.
