BACKGROUND / DISCUSSION :

Chapter 2.16 of the El Paso City Code authorizes the Zoning Board of Adjustment to grant Special Exceptions to Title 20 (Zoning) as to setbacks. These changes to the Special Exceptions were suggested by both members of the Zoning Board of Adjustment and the staff of the Development Services Department–Planning Division:

- Special Exception C – Permits applicant to find two or more nonconforming properties within the same block on the same side of the street in order to modify their own setbacks. *The change adds properties across the street.*
- Special Exception G – Permits applicant to add a room to the rear of their single-family house. The addition can encroach 3/5 of the depth of the required yard setback. *The change requires a minimum 10' rear yard.*
- Special Exception H – Same as the Special Exception G, except for duplexes. *The change requires a minimum 10' rear yard.*
- Special Exception K – Permits an applicant in a Residential (R) district to request up to a 50 per cent reduction in a side street yard setback. *The change deletes the Residential restriction, allowing applicants in all districts to apply for this Special Exception.*
- Special Exception T – Permits an applicant to reduce a yard setback in order to install a permanent shade covering for vehicle sales. *The change deletes the definition of “parkway.”*
