MEMORANDUM

DATE: October 27, 2011

TO: The Honorable Mayor and City Council
Joyce A. Wilson, City Manager

FROM: Andrew Salloum, Planner

SUBJECT: PZST11-00009

The City Plan Commission (CPC) on October 6, 2011, voted **6-0** to recommend **APPROVAL** of the special permit application to allow for a transitional living center for homeless families.

The CPC found that the special permit is in conformance with the Plan for El Paso and that the proposed use is in conformance with the projected 2025 general land use map for the Central Planning Area. The proposed development is compatible with adjacent land uses. The CPC also determined that the special permit protects the best interest, health, safety, and welfare of the public in general; and the special permit will have no effect on the natural environment, social economic conditions, and property values in the vicinity and the city as a whole.

There was no opposition to this request.

Notice of a Public Hearing was mailed to all property owners within 300 feet of the subject property on September 15, 2011. The Planning Division did not receive any phone calls or letters in support or opposition to the request.

APPLICATION DESCRIPTION

The applicant is requesting a special permit and a detailed site development plan to allow for an emergency shelter – transitional living center for homeless families as required by SRR (Special Residential Revitalization) zone district. The detailed site development plan shows two existing structures, a 1,097 sq. ft. building and 8,008 sq. ft. two-story building. The El Paso Downtown Plan area has no parking requirement for the SRR zone district. Access to the subject property is from Oregon Street.

PLANNING DIVISION RECOMMENDATION

The Planning Division recommends **APPROVAL** of the special permit and detailed site development plan request as it meets all the requirements of 20.04.150, Detailed Site Development Plan, and 20.04.320, Special Permit.

The Plan for El Paso –City-wide Land Use Goals

All applications for special permit and detailed site development plan shall demonstrate compliance with the following criteria:

- a. Goal: provide and enforce standards for providing decent, safe and sanitary housing for all El Pasoans in accordance with federal, state, and local regulations.
- b. Goal: provide a wide range of housing types that respond to the needs of all economic segments of the community.
- c. Goal: preserve, protect, and enhance the integrity, economic vitality and livability of the city's neighborhoods.

The SRR (Special Residential Revitalization) district was established in recognition that developments containing both residential and commercial uses can create an appealing and vital urban environment when carefully designed. Developments approved for this district shall be designed to eliminate potential use conflicts through creative design methods. The SRR district allows for mixing residential environments with workplaces and services. Development in the SRR district must accommodate transportation systems, surrounding environments and pedestrian movements.

Development Coordinating Committee Review

The DCC reviewed and discussed the application for special permit and offered no objections to the Planning Staff's recommendation for **APPROVAL**.

Engineering & Construction Management Services Department – Plan Review

Plan Review: recommend approval for land use.

Engineering & Construction Management Service Department – Landscaping Plan

Landscaping is not required because the building is existing.

Engineering & Construction Management Services Department – Land Development

No objections.

Department of Transportation

Department of Transportation does not object to the special permit request.

Notes:

All existing and/or proposed paths of travel (accessible sidewalks, wheelchair access curb ramps and driveways) within public rights-of-way shall be in accordance with the current City of El Paso Design Standards for Construction and shall be ADA/TAS compliant.

Fire Department

No objections.

El Paso Water Utilities

We have reviewed the zoning change request described above and provide the following comments:

EPWU does not object to this request.

EPWU-PSB Comments

Water:

Along Oregon Street fronting the subject Property there is an existing four (4) inch diameter water main.

Along the alley located between Oregon Street and Mesa Street south of Third Street, fronting the subject Property, there is an existing six (6) inch diameter water main.

Previous water pressure readings conducted on fire hydrant number 2414 located at Oregon Street and Third Street have yielded a static pressure of 96 pounds per square inch (psi), residual pressure of 88 psi, discharge of 1,342 gallons per minute (gpm). Private water pressure regulating devices will be required at the discharge side of each water meter. The Developer shall include in the sale of contract documents that the lot buyer shall acquire ownership of the above-described water pressure regulating devices to be located at the discharge side of the water meters. Additionally, the lot buyer shall be responsible for the operation and maintenance of the above-described water

pressure regulating devices.

Sanitary Sewer:

Along Oregon Street fronting the subject Property there are no existing sanitary sewer mains.

Along the alley located between Oregon Street and Mesa Street south of Third Street, fronting the subject Property, there is an existing eight (8) inch diameter sanitary sewer main.

General:

Water and sanitary sewer service is available from the above described mains.

As per EPWU-PSB records, 510 South Oregon Street has the following water services: (a) a single one and one-half (1 – ½) inch diameter water service and (b) a single four (4) inch diameter fire-fighting (fire line) service. If the City of El Paso Fire Department requires additional fire hydrants on public right-of-way and/or an on-site fire protection system within the private property, the property owner is responsible for all costs incurred to extend, relocate and construct water mains and appurtenances to provide this service.

Application for water and sanitary sewer services should be made 6 to 8 weeks prior to construction to ensure water for construction work. New service applications are available at 1154 Hawkins, 3rd Floor. A site plan, utility plan, grading and drainage plans, landscaping plan, the legal description of the property and a certificate-of-compliance are required at the time of application. Service will be provided in accordance with the current EPWU – PSB Rules and Regulations. The applicant is responsible for the costs of any necessary on-site and off-site extensions, relocations or adjustments of water and sanitary sewer lines and appurtenances.

CITY PLAN COMMISSION OPTIONS

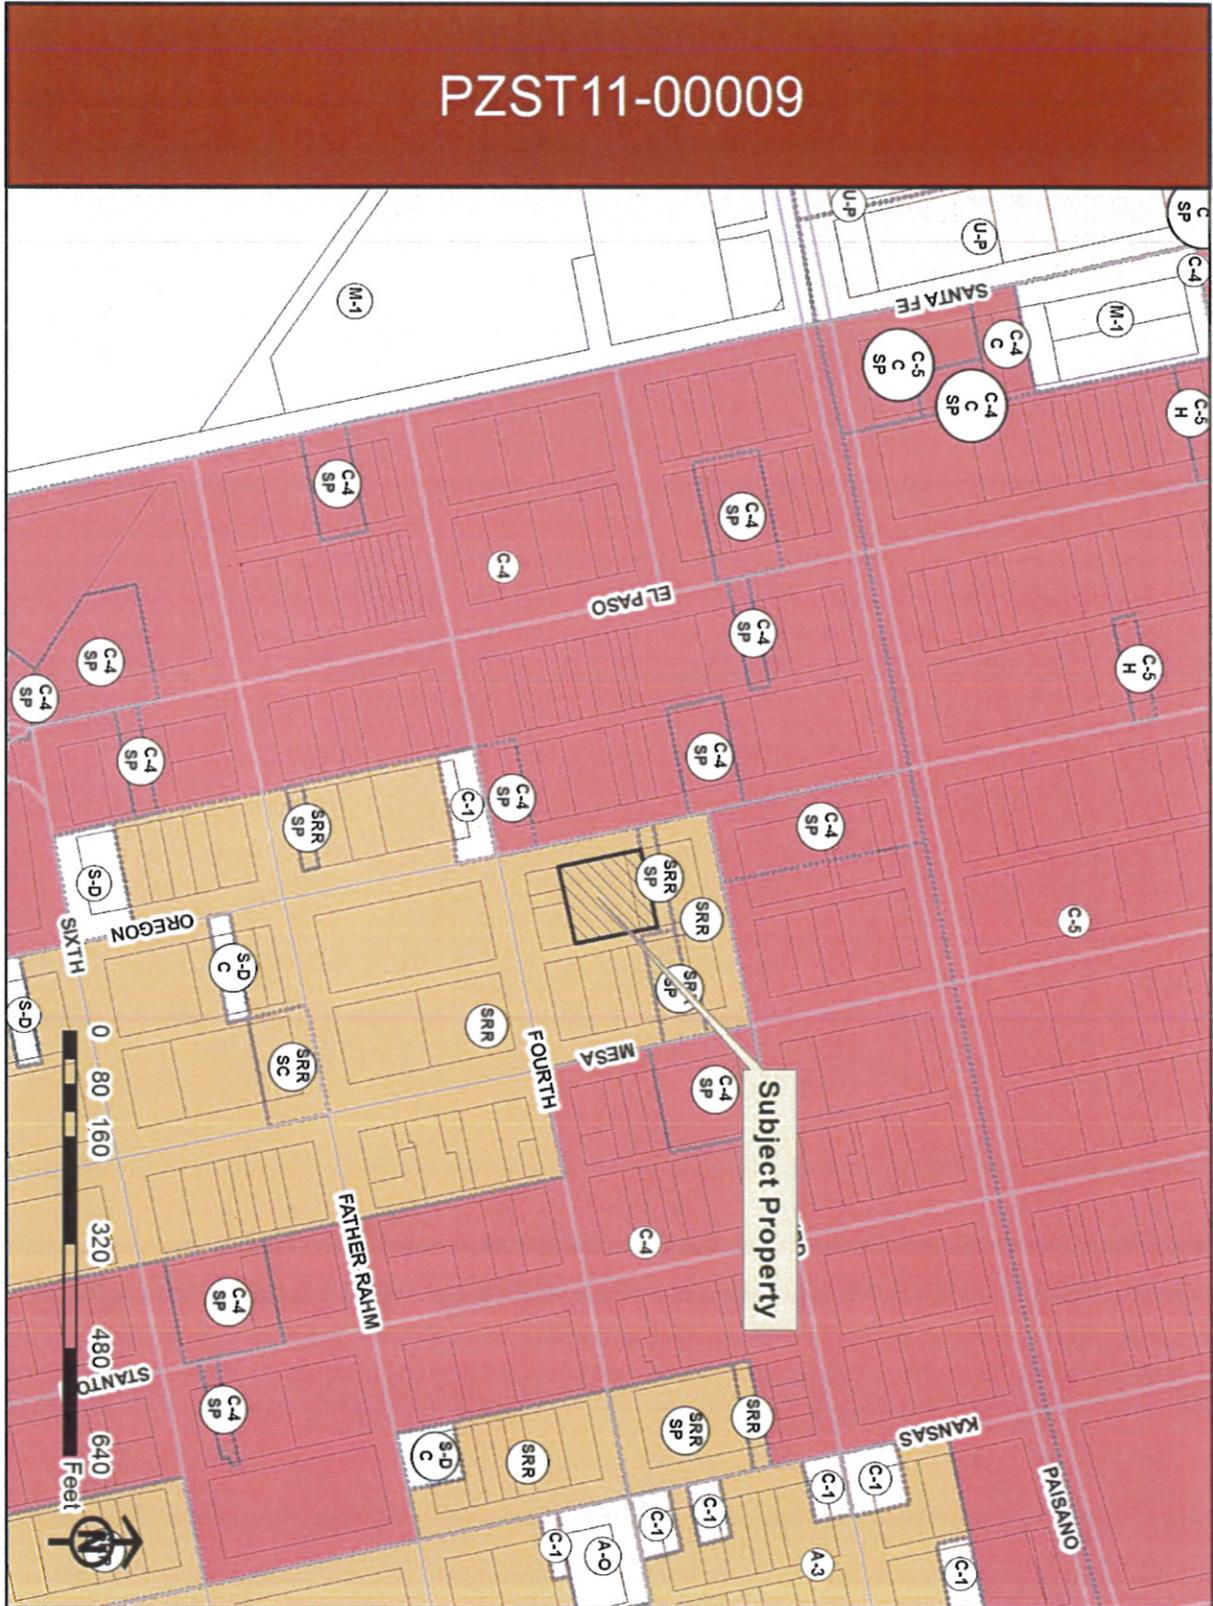

The City Plan Commission may consider the following options and additional options that it identifies when reviewing the special permit and detailed site development plan application:

1. Recommend approval of the application finding that the special permit and detailed site development plan is in conformance with the review criteria of The Plan for El Paso as reflected in CPC report or other criteria that the CPC identifies from the Plan
2. Recommend approval of the application with modifications to bring the special permit and detailed site development plan into conformance with the review criteria in The Plan for El Paso as reflected in CPC report or other criteria from the Plan as identified by the CPC.
3. Deny the application finding that the special permit and detailed site development plan does not conform to the review criteria in The Plan for El Paso as reflected in CPC report or other criteria identified from the Plan by the CPC.
