Discussion and action on the award of Solicitation No. 2011-076 for the Hawkins Blvd. Street & Drainage Improvements, to C.F. Jordan Construction, LLC for a total estimated amount of \$542,911.00.

It is requested that the City Manager of the City of El Paso be authorized to sign any contracts or other documents required to effectuate this award.

Work under this unit price contract is only an estimated value and will be ordered, performed, invoiced, and paid by measured quantity. The actual cost of this contract may be higher or lower than the total estimated value and will be the sum total of unit prices at the end of the contract term.

As a part of this award, upon the review of the City Attorney, the City Engineer may without further authorization from City Council approve contract changes which are necessary for proper execution of the work and carrying out the intent of the project, which are in accordance with applicable law, do not make changes to the prices and are within the appropriate budget.

This is a low bid, unit-price contract. The Engineering and Construction Management Department recommends award as indicated to the lowest responsible bidder.

Hawkins Blvd. Street & Drainage Improvements

Solicitation No. 2011-076

Scope of Work

The Hawkins Street and Drainage Improvements project consists of providing all labor, equipment, materials, tools and incidentals to re-construct the existing street between Merchant and Market Streets as annotated on the construction drawings. The project is divided into the following bid items:

BASE BID 1

This project consists of the reconstruction of Hawkins Street, parkways and remediation to drainage infrastructure. The project scope includes (but is not limited to):

Demolition which consists of: removing existing inlet and storm sewer, driveways, ramps, curb and gutter, and existing pavement structures. Drainage improvements consist of installing a new underground storm sewer system with inlets. The street and parkway improvements will consist of ADA compliant sidewalks and driveways, standard curb and gutter and ADA ramp improvements. Roadway improvements will consist of a new roadway pavement structure that shall consist of Hot Mix Asphaltic Concrete (HMAC), with base course and compacted sub-grade. The base course, 10 feet prior to and after the railroad tracks, will require addition of 2 sack PCC to the base course mix. Traffic improvements consist of new traffic sign posts, removal and replacement of existing signage and pavement striping. All construction shall meet engineering standards and all applicable local codes and requirements. The Contractor will provide the Traffic Control Plan for the project as well as for the Union Pacific Railroad work.

BASE BID II

Base Bid II will incorporate the construction and installation of the EPWU water line for the project.

BASE BID III

Base Bid III will incorporate the construction and installation of the 48 inch RCP storm sewer from station -1+78.88 to station 3+04.67 including 4 manholes and the tie into the existing box culvert at the terminus of the storm sewer. The manhole and junction box at station 3+04.67 will be included in base bid 1.

ALTERNATE ONE

Alternate ONE to include everything in Base Bid 1 with the exception of asphaltic pavement. Alternate one shall include concrete pavement in lieu of asphaltic pavement. The concrete to be placed will be continuously reinforced concrete pavement with a 3000 psi high early yield mix. The area 10 feet prior to and after the railroad tracks will be HMAC and will require addition of 2 sack PCC to the base course mix.

PROPOSAL

TO THE HONORABLE CITY MANAGER AND CITY COUNCIL
CITY OF EL PASO
EL PASO, TEXAS

The undersigned having familiarized themselves with the local conditions affecting the cost of work and with the Contract documents consisting of Invitation to Bid, Instructions to Bidders, General Conditions, the Contractor's Proposal, Special Bid Conditions, Applicable Wage Rates, the Contract Form, plans, specifications, drawings, and addenda on file in the office of the Financial Services Department of the City of El Paso, hereby propose to perform everything required to be performed and to provide furnish and install all the labor, materials, necessary tools, expendable equipment, and all utility and transportation services, and to complete in a workmanlike manner all the work required for the

HAWKINS BLVD. STREET & DRAINAGE IMPROVEMENTS
SOLICITATION No. 2011-076

within the specified limits and in accordance with the plans, including Addenda numbers Addenda #.1, Add #2, Add#3, Add#4 _____, AT THE FOLLOWING UNIT PRICES (Alternate items are given on the following page(s):

EACH PROPOSAL MUST BE SUBMITTED ON THE PRESCRIBED FORM AND all blank spaces on the proposal form for proposal prices must be filled in, in ink or typewritten. FAILURE TO FILL IN ALL BLANK SPACES SHALL CAUSE THE BID PROPOSAL TO BE DEEMED NOT RESPONSIVE AND BID PROPOSAL WILL NOT BE CONSIDERED IN DETERMINING THE LOWEST RESPONSIBLE BIDDER.

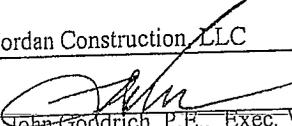

Note: For this solicitation, the lowest responsible bid will be determined in the following manner:

The lowest responsible bid will be determined based on the SUM TOTAL of Base Bid 1 + Base Bid 2 + Base Bid 3 OR if funding is available Base Bid 1 - Item 14 + Base Bid 2 + Base Bid 3 + Alternate 1.
The project will be awarded to one bidder.

NOTE: The quantities shown in the unit price schedule are ESTIMATES ONLY. They are shown here only for the purpose of comparing bids as an expected total expenditure. The City, at its sole discretion, will direct exactly how many actual units will be placed, and will pay for only those units that are ordered and accepted. No payments will be made regarding the estimated quantities, they are estimates only.

Estimates are minimums, but not guaranteed minimums, and the contract cost can increase so long as the unit costs remain the same and the increased funds are appropriated in the budget.
Line item entries shall prevail over sum total entries. When discrepancies exist between unit prices and corresponding extended prices, unit prices shall prevail.
