Unfinished business

Mrs. Langenfeld spoke about the Hall of Fame and felt it went very well and was happy to see Rosa De Leon as one of the recipients since she is very active throughout the community. Mrs. Garcia asked if pictures could be sent to her of Mrs. De Leon to send to Austin for AARP. Lori mentioned receiving good media coverage at the event from both the Southwest Senior paper and News Channel 44.

Council members received ad contracts and solicitation letters to begin collecting door prizes and ads for the Banquet that is scheduled for September 20, 2014.

Sandra explained that the NOFA (Notice of Funding Availability) had been released. This is the funding opportunity that the RSVP program was waiting to become available. Staff will be meeting periodically to discuss the direction the program will take to meet the new requirements. Disaster relieve still being an option along with the Healthy Futures focus area. Mr. Blancas offered to refer RSVP to the staff at UMC who deals with the hospitals disaster plan to get some ideas and direction. Mrs. Garza mentioned a program through the Fire Department that make calls to seniors that are alone but wasn't sure the program was still active. We explained that the program she was referring to is the Life Line and is still in existence but the Calling All Seniors offers more flexibility to seniors that are alone.
